There's no question,
the easiest way to
identify the axle and
gear ratio in your truck
is from the door
sticker. If you open the

Access Free 99 Expedition Rear Differential

drivers door and look at the door jamb, you'll see a sticker like the one shown below: You'll see that the area labeled (F) is for the Axle Code.

Ford Expedition Differential Oil | Synthetic, Multi- Grade ...

The Expedition will be available with selectable automatic full-time four-wheel drive that routes torque through a two-speed dual range transfer case with electronic locking center multi-disc differential. A new electronic locking rear differential will be

Access Free 99 Expedition Rear Differential

available to augment the 4x4 system. Both the center and rear locking systems will be teamed with four-wheel electronic traction control (ETC), which simulates a locking front differential by ABS "brake locking" the front differential.
