**9781605352893: Essentials of Conservation Biology ...**  
Essentials of Conservation Biology does have a lot to offer and is a well-written text, with current examples up to and including papers from 2014. Terms are well defined in the text, and the history of conservation biology as a field is well explained. Chapters are engaging and well thought out, including box articles, summaries, and suggested readings for each chapter.
