Famous Faces of HIV and AIDS - WebMD

Faces of AIDS is Jim Wigler's exhibit of 101 people infected with the AIDS virus during the mid 1980's. To humanize the epidemic, he took a close up portrait of each person smiling, looking wonderful and looking awesomely human. The main impetus was to ameliorate the public's fear of getting too close to and helping neighbors who were suffering.

FACES of AIDS

The Face of AIDS. Therese Frare; 1990; Next photograph. David Kirby died surrounded by his family. But Therese Frare's photograph of the 32-year-old man on his deathbed did more than just capture the heartbreaking moment. It humanized AIDS, the disease that killed Kirby, at a time when it was ravaging victims largely out of public view. Frare ...

9 Celebrities with HIV - Healthline

I consider Carolyn Jones' book - Living Proof: Courage in the Face of AIDS, the best book ever produced about HIV and AIDS. It summarizes it all. Not only through the beautiful photos taken by Carolyn Jones, but also through the feelings, values, believes and hopes of each participant, extraordinarily condensed by Michael Liberatore's work.
