My dad has a Kawasaki mule that we use around our property and its running like shit. It has a 950ish cc Daihatsu diesel engine. It all started when I put a fresh tank of diesel in it and then 20 minutes later it was missing and smoking alot under full throttle. Since then he has probably ran 2-3 tanks through it and it's still acting funny.

### [Book] 2002 Kawasaki Mule 3010 Engine

2007 Kawasaki Mule 3010. This vehicle struggles to turn over but by giving it gas and have the choke engaged the engine will turn over and run. The problem is that it won't stay running for over 15 seconds. It just sputters to a stop like it is out of gas. This vehicle has a new fuel pump and filter that hasn't seen over 30 hours of use.
