Math You Cant Use Patents Copyright And Software [PDF]

Abstract ideas are concepts like pure mathematics and algorithms. You cannot patent a formula. However, you can patent an application of that formula. Thus, while you cannot patent a mathematical formula that produces nonrepeating patterns, you can patent paper products that use that formula to prevent rolls of paper from sticking together.

the patent. You can quickly determine the quality of a patent by assessing how often that patent is cited in other patents.

How Do You Value a Patent | UpCounsel 2020

To patent the math formula, you would need to file a patent application on a category of invention that is patentable and which includes the formula. Formulas, per se, aren't patentable subject matter. Only machines, processes and compositions of matter are patentable subject matter for utility patents.
