How Midwives Can Prepare their Practices for Disaster. There are two kinds of disasters for which midwives need to prepare. Some are unpredictable, with minimal or no warning before the crisis hits. Examples of these are earthquakes, floods, or terrorist attacks. Others give us long term warning, but may still be unavoidable.

Midwife Crisis The Calamities Of A Trainee Midwife

A Midwife Crisis is a delightful modern nativity play about a busy midwife. With the help of a very flustered midwife and her put-upon donkey Steve, the Nativity story unfolds in a hilarious but thought-provoking script, which alongside six really fun, catchy songs makes A Midwife Crisis the ideal choice for your Christmas production.

Midwives are among the health professionals who provide care early during a humanitarian emergency and stay on for the long term. Women and children become significantly at risk of various reproductive morbidities during crises and are of greatest concern to midwives.

The Role of Midwives During Disasters and Complex ...

Skilled midwifery care in crisis and disasters around the world Essential emergency services for women, infants, and families Building knowledge in women's healthcare for a strong community " Women and infants are among the most vulnerable in times of war and persecution. We see them arrive sick, pregnant, in labor or with babes in arms; with untreated medical conditions, hungry, and traumatized - urgently in need of skilled, compassionate healthcare."

How a French Midwife Solved a Public Health Crisis. Angélique Marguerite Le Boursier du Coudray revolutionized childbirth in France through education, building a detailed birthing mannequin. It was the 1700s, and France was facing a public health crisis: too many babies were dying in childbirth, especially in the countryside. A particularly panicky priest reported that he believed nearly 200,000 babies were dying each year.
