Puberty can happen at any time from the ages of 8 to 17, although most people begin between the ages of 10 and 14. Remember, everybody's different. You might be the first in your class or the last and, although you might feel embarrassed to be so out of step, it is perfectly normal. When you start puberty

Sex Puberty and all that stuff is controversial for obvious reasons. It discusses many of the hormonal and bodily changes that teenagers experience. This book was not very good in my opinion and I believe that there are much better ways to educate children on puberty. I would not recommend this book to anyone for in class
