### Tax Reform In Transition Economies

The transition from a command to a market economy requires profound reforms of the tax system. Such a transition will put downward pressures on the level of taxation at a time when public expenditure remains high. This paper outlines the main characteristics of the tax systems in centrally-planned economies. It describes recent changes in those tax ...

#### Tax Reform in Economies in Transition: A Brief ...

Many of the failures, problems, and idiosyncrasies of the reform efforts during the transition can be traced to the past, when these tax systems started. In Section 4, we review the two general paradigms for reform that policymakers faced early on in the transition: the adoption wholesale of a western-type, modern tax system or a tax system adapted to transition economies.
