baby's sleep discomforts. There are 18 Quick Techniques – many of which you could easily put into action today and which have the potential to solve your baby's sleep problem within days, often the very same night.

The Baby Sleep Solution

Basically reduce the amount of feeding time (if you're breastfeeding) every three days until the baby is ready to drop the feeding. And at the same time, every time the baby sleeps past the feeding time, that time always becomes the new feeding time. I LOVED this gentle but forward-moving strategy.
